

Fillable Smart Forms

What are Fillable Smart Forms (Smart Forms)?

Smart Forms are PDF forms that you can print and fill in by hand or type answers directly into. Smart Forms can be saved for editing later and can be prepared for eFiling with the courts.

How do Smart Forms work?

Smart Forms have “intelligence” built in that responds to the answers you type. Simply answer each question and the form will change or update as needed. See [Quick Reference Guide - Working with Fillable Smart Forms](#) for more information on eFiling your Smart Form.

Who can use Smart Forms?

Anyone on a laptop or desktop with internet access can get the Smart Forms from the Minnesota Judicial Branch website to use online or save to a computer or flash drive. Smart Forms are not available on mobile devices.

What are the benefits to using Smart Forms?

Smart Forms:

- Give you the option to print blank forms or fill them in online.
- Help you create court forms that are complete and neatly prepared.
- Allow you to easily type your answers into the form. Form fields can expand for longer answers.
- Hide questions that do not apply to your situation based on your answers.
- Allow you to save your work and prepare your forms for eFiling.
- Make eFiling easier.

What resources are available for Smart Form users?

Contact the Statewide Self-Help Center:

- Email via the form on the [Self Help Center Contact page](#). Replies may take 3-4 business days.
- Call 651-435-6535 Monday – Friday, 8:30 a.m. to 3:00 p.m.
