

To Judge Kevin Eide

Regarding Probate case 10-pr-16-46

I am Prince Roger Nelson I am alive.

Tue April 11 2023

Filed in District Court

APR 12 2023

State of Minnesota

I was the one who was found by the Carver County sheriff April 2016 on the ground in Minnesota barely conscious from being mugged. I was given some Bad medicine by my bodyguard. I was taken to the midcity medical examiners in Anoka County Minnesota and office after meeting Officer Angela when I was knocked unconscious I heard tell me My real name is Prince Rogers Nelson. I had been by the name Orlando Enoex sense the nineties. My DNA was taken so I can prove that I am telling the truth. I performed as Prince in the the Prince music videos in the eighties . I also performed in the Prince concert in 2011. I would to it to be known that I am still alive. I can't afford the rumors that I am dead. I am sure that the carvery County officials did not purposely lie about me. I was very sick that day I remember being in excruciating pain. I was taken from the medical examiners office were some older people were standing around me in a bed somewhere near the medical examiners office. I then got up and brought back los Angeles were I have been living.

I am claiming all of my money and assets and ask the court to stop letting people say lam deceased
Thank you

Orlando Enoex known as Prince Roger Nelson
