Mohamed,

As a permanent worker in Orientation, what you do in the unit makes a great difference. I appreciate how you handle your job assignments and all that you do outside of your designated duties, whether it's helping a new intake with a question or training temp workers. Most important is your positive attitude, which leads to improved changes throughout the ORU unit.

Continue to stay motivated and positive,

Thank you,

Mohamed, you are being recognized by Officer B██████████, Officer N██████████ and Seargeant ██████████ for the September 11th worker award. On September 10th, 2001 over 2,900 people went to sleep that night, not knowing it would be the last time they shared a moment with those they loved and cared about. That next morning, September 11th, 2001 265 people boarded planes for the final time. 2,606 people went to work inside the trade towers, 125 workers in the Pentagon, 343 firefighters checked in for work for the last time, and 71 law enforcement officers checked in for their last call.

Those lives serve as a reminder of how precious time is. How tomorrow is not promised, and to live for today. Your commitment to your job, and the respect you show others is why you have been selected for this award. It is my hope that you will continue to inspire others to achieve their goals, far beyond these walls.

Mohamed

We'd like to thank Mohamed for all his hard work in regards to the new orientation book carts. Mohamed was instrumental in the planning process and assisted in creating the binders that we use to keep the books organized. As well as assisting in starting this initiative, he continues to play an invaluable role by monitoring the books to make sure that they are returned before residents leave. We are grateful for his time and for the positive impact that he makes every day in the Orientation unit.

Thank you!
