INTRODUCTION

Probate is the official way that an estate gets settled under the supervision of the court. A person, usually a surviving spouse or an adult child, if appointed by the court if there is not a will, or nominated by the deceased person's Will....the purpose of probate is to prevent fraud after someone's death. Imagine everyone stealing the castle after the Lord dies.... My name is Shawnetta T. Graham. I am 48 years old and on June 06, 2017 I will be 49 years old, Prince Roger Nelson is my half-brother and more. I was told by Prince Roger Nelson that he "willed" everything to me. The last time I spoke to him personally, was at his 50th birthday bash party. I helped Prince with his career. When Prince and I were young; we had a two person group, where I was Tina Turner and Prince was Ike Turner. We love each other very much. We had a stronger love than just being half sibling. So, I would like to be consider before closing and distribution of Prince's Estate.

Knowledge of Catalog Appraisal Value

I value and love Prince's work, and his music catalog has a host of unpublished music due to the fact we wanted to distribute music using the radio and we wanted the general public to approve of his music lyrics. Prince's Music Catalog has a starting minimum appraisal value of one billion dollars.
