**REQUEST FOR LEAVE OF  
PARTICIPATE**

Respondents

---

**PURPOSE**

The applicant for Leave to participate has interest that is; private indicated by seeking adherence to maintaining Constitutional rolls of authority in state government; and a public interest in clarification of Legislative boundaries by the end of the 2011 Minnesota Legislative session as mandated in the Minnesota Constitution Article 4 Section 3.

The applicant has no interest in either party plea of the case before the court; but that the Minnesota State Constitution will subjugate the three elected branches of state government to the "Rule of Law" where the Minnesota Supreme Court will injunction the Minnesota Legislature to fulfill their Constitutional mandated re-districting obligations post hast thus providing Constitutional stability in our communities.

The applicant claims rights of privilege as a governing citizen to bring a Leave of Participation before the court, having allowed the Minnesota Legislative body ample time for processing their Constitutional responsibilities during the 2011 regular session ending May 23, 2011 and the 2011 special session ending July 20, 2011; the applicant can only now present to the courts an amicus curiae that best serves the Minnesota Supreme Court in disposing of the case before the court.
