AMENDED CERTIFICATE OF SERVICE RELATED TO OMARR BAKER

I, Cassaundra Boyd, do hereby swear and certify, under penalty of perjury, that on August 26, 2021, I caused the following documents to be served upon the following party on the attached service list by U.S. mail. I state further that I served the following documents upon the following party on the attached service list on August 22, 2021 by electronic mail to the addresses on the attached service list but they were returned to me as undeliverable. Proofs of attempted electronic service and returned service are attached.

1. Notice of Filing dated August 22, 2021.
2. Certificate of Service with Service List dated August 22, 2021.
3. Letter to Judge Kevin W. Eide with attachments (a) Lyft pdf; (b) Lyft spreadsheet; and (c) E-mails with Attorney Kenneth Abdo filed at Court Administration office August 18, 2021.
4. Affidavit of Cassaundra Boyd filed at Court Administration office August 18, 2021.

I declare under penalty of perjury that everything I have stated in this document is true and correct. Minn. Stat. §358.116.

Respectfully submitted,

Cassaundra Boyd

E-Mail: jherbsman@musiclaw.com
Served here by U.S. Mail on August 26, 2021. Originally, because I believed that the info@musiclaw.com e-mail was valid, I served my August 18, 2021 filed documents by e-mail to the above addresses. I guessed at the jherbsman@musiclaw.com address because I could not find another e-mail for this counsel or a different e-mail on their firm's website other than the info@musiclaw.com address. I attach proofs of service and proof of returned service.

Office 365

Your message to info@musiclaw.com couldn't be delivered.

The group info only accepts messages from people in its organization or on its allowed senders list, and your email address isn't on the list.

boydcommunicationsll. . .   **Office 365**   **info**
Sender   **Action Required**

                                                                   Sender not allowed

How to Fix It

It appears you aren't in the same organization as the group (or a sub-group) you're sending to or your email address isn't on the group's allowed senders list. Ask the owner of the group to grant you permission to send to it, and then try again. If the group belongs to a different organization than yours, contact the organization's customer service department for assistance. If the group is in your organization and you don't know who the group owner is, you can find it by doing the following in either Outlook on the web or Outlook:

- Open your Sent folder and select the original message.
- If you're using Outlook on the web, select the group name located on the To or CC line. If you're using Outlook, double-click the group name located on the To or CC line.
- In Outlook on the web, from the pop-up dialog box, choose Owner. In Outlook, choose Contact. The owner's name is listed under Owner.

The owner of the group may have intentionally chosen to restrict who can send messages to it, and they may not want to adjust the existing restriction. In this case, you'll have to contact the group members by some other means, such as sending an email message to their individual email addresses or contacting them by phone.

Status code: 550 5.7.133

This error occurs when the distribution group, security group, or Microsoft 365 group is configured to accept messages only from authenticated senders (senders in the same organization or those added to the group's allowed senders list).

To fix the issue, the recipient's email admin or the group owner must add the sender's

5

email address to the group's allowed senders list or change the group's delivery
management setting to accept messages from senders inside and outside of the
organization.

Usually this issue can only be fixed by the recipient's email admin or the group owner.

For more information and steps to fix this error, see Fix email delivery issues for error
code 5.7.133 in Office 365.

Unknown To address

How to Fix It
The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link **"To send this message again, click here."** Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365, and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? Send feedback to Microsoft

More Info for Email Admins
Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365.
