RE: Attorney Registration

Enclosed is my check for \$82 for my annual license fee. I can not afford at this time the additional \$100 for the Client Security Fund for the following reasons:

1. In April, 1983, while employed by West Publishing Company, I had a malignant brain tumor removed. My recovery was excellent, but I did have a slight disability to edit legal publications.
2. West fired me in March, 1985, for such disability. I immediately began a legal action against West, as well as activating my attorney license. My attorney is Neil P. Convery, 880 Sibley Memorial Highway, St. Paul MN 55118, telephone (612) 450-0901. You may call him for confirmation.
3. I have attempted to obtain legal employment since I was fired, but I have been unsuccessful. I am currently participating in the Hennepin County Bar Association's computer system to match-up employer and employee. I hope for success, but I am realistic. I will not be hired for the same reason West fired me: The financial risk of my getting another tumor.
4. My family is living off my wife's meager salary at the University of Minnesota, as I seek clients who need wills and other simple representation. I had attempted selling real estate, but was unsuccessful.

I shall pay the \$100 upon obtaining employment, or receiving damages from West Publishing Company. I request that you do not suspend my license in this unique situation.

Yours very truly,

  
Clifford L. Swanson, Jr.
