IN SUPREME COURT
ADM04-8001

**ORDER PROMULGATING AMENDMENTS TO THE
RULES OF CIVIL PROCEDURE AND THE
SPECIAL RULES FOR THE PILOT EXPEDITED CIVIL
LITIGATION TRACK**

The Supreme Court Advisory Committee on the Rules of Civil Procedure has recommended amendments to the Rules of Civil Procedure and to the Special Rules for the Pilot Expedited Civil Litigation Track, to clarify the rules and forms regarding the case type identifiers that are included on pleadings and used by court administration managing judicial workloads. The Committee's recommended amendments are limited, do not generally affect litigants, and are intended to reduce the need for future amendments to the rules if changes are made to the index of case type identifiers. The Committee also provided a proposed updated and revised Case Type Index that, although not recommended for adoption in the rules, will be made available on the judicial branch website (www.mncourts.gov). Thus, the court has considered the Committee's recommendations and proposed amendments without a public comment period. Based on all of the files, records, and proceedings herein,

IT IS HEREBY ORDERED that the attached amendments to the Rules of Civil Procedure and the Special Rules for the Pilot Expedited Civil Litigation Track, be, and the same are, prescribed and promulgated to be effective as of September 1, 2017. The rules

as amended shall apply to all cases pending on, or filed on or after, the effective date. Advisory Committee comments are included for convenience and do not reflect court approval of the comments. The proposed Case Type Index shown in Appendix A of the Committee's report, which is included at the end of the approved rule amendments, will be made available at a later date on the judicial branch website, and is included here only for convenience and not as part of the rules as amended.

AMENDMENTS TO THE RULES OF CIVIL PROCEDURE

[Note: In the following amendments, deletions are indicated by a line drawn through the words and additions are indicated by a line drawn under the words.]

RULE 10. FORM OF PLEADINGS

10.01. Caption; Names of Parties

Every pleading shall have a caption setting forth the name of the court and the county in which the action is brought, the title of the action, the court file number if one has been assigned, and a designation as in Rule 7, and, in the upper right hand corner, the appropriate case type indicator ~~as set forth in the subject matter index included in the appendix as Form 23~~ Case Type Index as published by the State Court Administrator and maintained on the state court website (www.mncourts.gov). If a case is assigned to a particular judge for all subsequent proceedings, the name of that judge shall be included in the caption and adjacent to the file number. In the complaint, the title of the action shall include the names of all the parties, but in other pleadings it is sufficient to state the first party on each side with an appropriate indication of other parties.

Advisory Committee Comments—2017 Amendments

Rule 10.01 is amended to move the list of required case types from Form 23 in the Appendix of Forms and to replace it with a Case Type Index to be maintained and available on the state court website. Case types have evolved over time, and this change will both bring the list up to date and provide a mechanism for it to be modified in the future without additional court orders. The case types on the Case Type Index should match those provided by drop-down menus in the district courts' e-filing system.
