REQUEST FOR PROPOSALS

Courtroom Digital Evidence Presentation

I. REQUEST FOR PROPOSALS

A. Defined. The State of Minnesota – Fourth Judicial District (referred to herein as the “State”) is using a competitive selection process (referred to herein as the “Request for Proposals” or “RFP”) to solicit proposals from qualified bidders and establish a contract between the Fourth Judicial District, hereafter called “STATE” and a preferred vendor to provide Courtroom Digital Evidence Presentation design services. This is not a bid, but a Request for Proposals that could become the basis for negotiations leading to a contract with a vendor to provide the tools and services described in this document.

B. Right to Cancel. The State is not obligated to respond to any proposal submitted, nor is it legally bound in any manner whatsoever by the submission of a proposal. The State reserves the right to cancel or withdraw the request for proposals at any time if it is considered to be in its best interest. In the event the request for proposals is cancelled or withdrawn for any reason, the State shall not have any liability to any proposer for any costs or expenses incurred in conjunction with this request for proposals or otherwise. The State also reserves the right to reject any or all proposals, or parts of proposals, to waive any informalities therein, and to extend proposal due dates.

II. PROJECT OVERVIEW

- Minnesota Judicial Branch (MJB). The MJB has 10 judicial districts with 289 district court judgeships, 19 Court of Appeals judges, and seven Supreme Court justices. The MJB is governed by the Judicial Council, which is chaired by Lorie S. Gildea, Chief Justice of the Minnesota Supreme Court. MJB is mandated by the Minnesota Constitution to resolve disputes promptly and without delay. In 2013, there were more than 1.4 million cases filed in district courts in Minnesota. For more information please visit www.mncourts.gov.

- State Court Administrator’s Office. The mission of the State Court Administrator’s Office (SCAO) is to provide leadership and direction for the effective operations of the MJB through support of the Judicial Council, oversight of all SCAO divisions, and coordination of legislative relations, ensuring the provision of sound legal advice, and monitoring branch financial practices through the use of regular internal audits. The State Court Administrator plans for statewide Judicial Branch needs, develops and promotes statewide administrative practices and procedures, oversees the
operation of statewide court programs and strategic initiatives, and serves as a liaison with other branches of government.

C. Background
The Fourth Judicial District is the largest trial court in the State of Minnesota, serving all of Hennepin County’s almost 1.2 million residents, processing over 493,000 cases annually. The District serves residents at 6 different locations:

- Hennepin County Government Center – downtown Minneapolis,
- Juvenile Justice Center – downtown Minneapolis,
- Public Safety Facility – downtown Minneapolis,
- Family Justice Center – downtown Minneapolis,
- Brookdale Regional Service Center – Brooklyn Center, Minnesota,
- Ridgedale Regional Service Center – Minnetonka Minnesota.

III. PROJECT GOALS
The goal of the Digital Evidence Presentation project is to provide fair and equal access to justice to the residents of Hennepin County, to remove technological barriers associated with the presentation of evidence in hearings and cases. The goal of this RFP is to solicit assistance in designing systems that:

- Appropriately level the technology playing field for all hearing participants,
- Provide a consistent level of capability across the District,
- Provide an appropriate technology solution for each courtroom,
- Provide systems that are easy to use, easy to connect to, and uniform across the District.

IV. PROJECT REQUIREMENTS - Summary
A. Requirements – Design Services (The full body of requirements is outlined in Appendix H. Additional Courtroom information is provided in Appendices J and K, Courtroom Inventory and Courtroom Samples.)

- The vendor will conduct a walkthrough of all district courtrooms
- The vendor will assist the District in designing evidence presentation strategies and designs for up to 90 courtrooms

B. Consulting Services

- The vendor will assist the District with prioritizing courtroom construction
- The vendor will assist with the preparation of construction schedules and annual budget estimates.

C. Implementation Services

- The vendor will assist with system validation prior to payment release to construction contractor and Courts re-commisioning.

D. Expectations
The State is looking for a design team that will help the District by bringing innovative but cost conscious solutions that provide a consistently level playing field for court participants. Vendor should be prepared to work in partnership with the District and bring best ideas and practices to the largest trial court in Minnesota.

The selected design team should also understand that their involvement precludes them from bidding on subsequent equipment and installation services proposals arising out of this design work due to conflicts of interest.

VII. SUBMISSION REQUIREMENTS.

A. General Requirements – each response must include the following or it may be excluded from moving through to the next phase of response scoring:

1. **Certificate of Insurance.** Each proposal shall contain acceptable evidence of compliance with the workers' compensation coverage requirements of Minnesota Statute § 176.181, subd. 2. Vendor’s RFP response must include one of the following: (1) a certificate of insurance, or (2) a written order from the Commissioner of Insurance exempting you from insuring your liability for compensation and permitting him to self-insure the liability, or (3) an affidavit certifying that you do not have employees and therefore are exempt pursuant to Minnesota Statutes §§ 176.011, subd. 10; 176.031; and 176.041. See Section XV. of the sample State contract in Appendix D for details on additional insurance requirements that must be provided upon request of the State.

2. **Affirmative Action Certification.** If the vendor’s proposal exceeds $100,000.00, the RFP response must include a completed Affirmative Action Statement and Certificate of Compliance, which are attached as Appendix C.

3. **Non-Collusion Affirmation.** Vendor must complete the Affidavit of Non-Collusion (Appendix B) and include it with its RFP response.

4. **Equal Pay Certification.** If vendor’s proposal exceeds $500,000, the RFP response must include a completed Equal Pay Certification of Compliance Statement, which is attached as Appendix G.

5. **Contract Terms.** The State’s proposed contract templates are set forth in Appendix D. No work can be started until a contract (and where necessary a subcontractor participation agreement, software licensing agreement, etc. as envisioned in Appendix D), in the form approved by the State Court Administrator’s Legal Counsel Division, has been signed by all necessary parties in accordance with state court procurement and contract policies. The templates included in the appendices are sample forms and are not to be interpreted as offers.

   a. By submitting a response to this RFP, Vendor accepts the standard terms and conditions and contract set out in Appendices D and E, respectively. Much of the language included in the standard terms
and conditions and contract reflects requirements of Minnesota law.

b. Vendors requesting additions or exceptions to the standard terms and conditions or contract terms shall submit them with their response to the RFP. A request must be accompanied by an explanation why the exception is being sought and what specific effect it will have on the Vendor’s ability to respond to the RFP or perform the contract. The State reserves the right to address nonmaterial requests for exceptions to the standard terms and conditions and contract language with the highest scoring Vendor during contract negotiation.

c. The State shall identify any revisions to the standard terms and conditions and contract language in a written addendum issued for this RFP. The addendum will apply to all Vendors submitting a response to this RFP. The State will determine any changes to the standard terms and conditions and/or contract.

6. **Evidence of Financial Stability.** Vendor’s RFP must provide evidence of Vendor’s financial stability as an indicator of Vendor’s ability to provide services irrespective of uneven cash flow. Financial Stability-Related Trade Secret. MJB rules of public access permit vendors to submit evidence of financial stability as trade secret information according to the following:

   a. The evidence-of-vendor's-financial-stability must qualify as a trade secret under Minn. Statute § 325C.01 or as defined in the common law;

   b. The vendor submits the evidence-of-vendor's-financial-stability on a separate document (but as part of their complete submission) and marks the document(s) containing only the evidence-of-vendor's-financial-stability as "confidential;"

   c. The evidence-of-vendor's-financial-stability is not publicly available, already in the possession of the MJB, or known to or ascertainable by the MJB from third parties.

Except for financial stability information submitted in accordance with this section, do not place any information in your proposal that you do not want revealed to the public. Proposals, once opened, become accessible to the public except for financial stability information submitted in accordance with this section. Please also note that if a vendor’s proposal leads to a contract, the following information will also be accessible to the
public: the existence of any resulting contract, the parties to the contract, and the material terms of the contract, including price, projected term and scope of work.

B. **Project-Related Submission Requirements:** each response **must** include the following or it may be excluded from moving through to the next phase of response scoring:

1. A cover sheet including vendors’ contact information, email address, business address, and phone numbers. Cover sheet should include signature lines and must be signed by, in the case of an individual, by that individual, and in the case of an individual employed by a firm, by the individual and an individual authorized to bind the firm.

2. An overview that reflects the vendors’ understanding of the efforts described in this Request for Proposals and the project deliverables;

3. A detailed explanation of how the Vendor proposes to meet the Project objectives and requirements set forth above, including descriptions of the methodology that will be used and examples of the deliverables that will be produced;

4. Provide a not-to-exceed cost to include identification of the assumptions made and the rationale used to prepare the estimate.

5. A description of completed similar projects that demonstrate the Vendor’s experience and area of expertise, including Vendor’s ability to provide the stated Deliverables;

6. At least three (3) client references with appropriate contact information that the Vendor has performed work for in the past five (5) years and that can attest to vendor ability to complete work as stated;

7. A written statement acknowledging either no conflict of interest or identifying any conflicts of interest as it relates to this project;

C. **Pricing, Risk of Loss**

1. All prices quoted must be firm and not subject to increase unless otherwise provided for in this RFP. Price reductions must immediately be passed on to the State whenever they become effective. Prices must be quoted in United States currency.
2. Travel, administrative, overhead and other related charges and expenses shall be included in the prices set forth in the proposal.

3. DO NOT INCLUDE sales tax in pricing. The STATE holds Direct Payment Permit 1114 and pays tax directly to the Department of Revenue.

4. The State is relieved of all risks of loss or damage to the equipment during periods of transportation, installation, and during the time the equipment is in possession of the State, unless and until such time as unencumbered title for the goods are vested in the State and the goods are in exclusive possession of the State.

VIII. PROPOSAL EVALUATION.

A. The State will evaluate all complete proposals received by the deadline. Incomplete proposals, late proposals, or proposals sent to any other address will not be considered. In some instances, an interview or demonstration may be part of the evaluation process.

B. The evaluation of proposals is based upon deriving the “Best Value” for the State. Best Value means achieving an appropriate balance between price and other factors that are key to a particular procurement. A procurement that obtains a low price but does not include other necessary qualities and features of the desired product or service does not meet the Best Value criterion. Factors upon which the proposals will be judged include, but are not limited to, the following:

1. Proposal’s thoroughness and Vendor’s meeting the submission requirements;

2. Vendor’s industry experience and previous experience in performing similar work;

3. Cost estimate based on the completion of the Cost Evaluation Form found in Appendix I.

4. Vendor’s product and/or service delivery methodology;

5. Closeness of fit with technical requirements;

6. Product evaluation by State’s evaluation team;

7. Financial stability of the organization; and

8. Vendor’s past performance and client references
A. The State reserves the right to determine, at its sole and absolute discretion, whether any aspect of a proposal satisfactorily meets the criteria established in this RFP.

B. The State reserves the right to request additional information from Vendors during any phase of the proposal evaluation process. During the evaluation and selection process, the State may require the presence of Vendor’s representatives at a vendor conference. During a vendor conference, a vendor may be asked to provide a demonstration of the product and/or to answer specific questions. Vendors are required to travel at their own expense for the demonstration of the product and answer questions. Notification of any such requirements will be given as necessary.

C. The State may elect not to award a contract solely on the basis of this RFP, and will not pay for the information solicited or obtained. The information obtained will be used in determining the alternative that best meets the needs of the State.

Without limiting the foregoing, CONTRACTOR’s liability includes liability for the direct and verifiable costs to recreate any lost or damaged STATE records that are capable of being recreated using commercially reasonable efforts.

XI. **STATE AUDITS.** The books, records, documents, and accounting procedures and practices of the CONTRACTOR relevant to this contract shall be subject to examination by the contracting department and the Legislative Auditor for a minimum period of six (6) years from the termination of this contract. Records shall be sufficient to reflect all costs incurred in performance of this Contract.

XII. **CONFIDENTIALITY, DISCLOSURE AND USE.**

A. **General.** CONTRACTOR shall not disclose to any third party (except, where applicable, CONTRACTOR’s STATE approved subcontractor [insert subcontractor’s full legal name], which must first sign a confidentiality, participation and assignment of rights agreement in a form acceptable to the STATE) any information that is both: (1) made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform hereunder or is created, gathered, generated or acquired in accordance with this contract; and (2) inaccessible to the public pursuant to the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court, as the same may be amended from time to time. If the CONTRACTOR receives a request to release the information referred to in this Clause, the CONTRACTOR must immediately notify the STATE. The STATE will give the CONTRACTOR instructions concerning the release of the information to the requesting party before the information is released. CONTRACTOR shall not use any information that is made available by the STATE to CONTACTOR in order to permit CONTRACTOR to perform hereunder, or is created, gathered, generated or acquired in accordance with this contract, for any purpose other than performance of this contract.

B. **State Programs, Databases, Marks.** Without limiting paragraph A, above, CONTRACTOR agrees to the following:

1. **State Programs.** The computer application programs made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform its obligations hereunder are referred to herein as "State Programs." The STATE is the copyright owner of the State Programs. The combination of ideas, procedures, processes, systems, logic, coherence and methods of operation embodied within the State Programs, and all analysis and design specifications, programming specifications, source code, algorithms, and information contained in technical reference manuals pertaining to the State Programs, are trade secret information of the STATE. The computer operating systems software programs and other third party software
licensed by the STATE, and related documentation, made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform its obligations hereunder, are subject to claims of trade secret and copyright ownership by the respective licensors and will be treated by CONTRACTOR in the same manner as trade secret information of the STATE. In addition, CONTRACTOR will familiarize itself with and abide by the terms and conditions of the license agreements applicable to such third party software. Without limiting the foregoing, CONTRACTOR may also be required to sign an appropriate confidentiality agreement with the STATE’s software vendor if access to proprietary segments of the MNCIS application are necessary for CONTRACTOR’s work hereunder.

2. **State Databases.** The computer databases made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform its obligations hereunder are referred to herein as "State Databases." The STATE is the copyright owner of the State Databases and of all copyrightable aspects and components thereof. All specifications and information pertaining to the State Databases and to their structure, sequence and organization are trade secret information of the STATE. All information contained within the State Databases is sensitive, confidential information and will be treated by CONTRACTOR in the same manner as trade secret information of the STATE. Without limiting any of the foregoing, CONTRACTOR understands and agrees that to the extent that any records made available by the STATE to CONTRACTOR hereunder are publicly-accessible, the STATE retains all rights it possesses in and to such records and CONTRACTOR has no title or ownership rights, including any right to sell, resell, disclose, redisclose, recombine, reconfigure or retain such records except: (i) as expressly required for CONTRACTOR’s compliance with this contract; or (ii) to the extent that it has purchased or obtained the same from the State on the same terms and via the same means and to the same extent as other members of the public.

3. **Marks.** The STATE claims that the marks “MNCIS,” “CriMNet,” "SJIS," and "MARS" are trademarks and service marks of the STATE. CONTRACTOR shall neither have nor claim any right, title, or interest in or use of any trademark, service mark, or tradename owned or used by the STATE.

4. **Restrictions on Duplication, Disclosure and Use.** CONTRACTOR will not, except as required in the performance of its obligations hereunder, copy any part of the State Programs or State Databases, prepare any translations thereof or derivative works based thereon, use or disclose any trade secret information of the STATE, or use any trademark, service mark, or tradename of the STATE, in any way or for any purpose not specifically and expressly authorized by this contract. As used herein, "trade secret information of the STATE" means any information or compilation of information possessed by the STATE, or developed by CONTRACTOR in the performance of its obligations hereunder, which derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use. "Trade secret information of the STATE" does not, however, include information which was known to CONTRACTOR prior to
CONTRACTOR'S receipt thereof, either directly or indirectly, from the STATE, information which is independently developed by CONTRACTOR without reference to or use of information received from the STATE, or information which would not qualify as trade secret information under Minnesota law. It will not be a violation of this section for CONTRACTOR to disclose any information received from the STATE pursuant to the order of a court or governmental authority of competent jurisdiction if CONTRACTOR notifies the state immediately upon receipt by CONTRACTOR of notice of the issuance of such an order.

5. Proprietary Notices. CONTRACTOR will advise its employees and permitted subcontractors who are permitted access to any of the State Programs, State Databases, or trade secret information of the STATE of the restrictions upon duplication, disclosure and use contained in this contract. Without limiting the foregoing, CONTRACTOR shall include in and/or on any copy or translation of, or derivative work based upon, any of the State Programs, the State Databases, or trade secret information of the STATE, or any part thereof, and any documents pertaining thereto, the same copyright and other proprietary notices as appear on the copies made available to CONTRACTOR by the STATE, except that copyright notices shall be updated and other proprietary notices added as may be appropriate.

C. Inspection and Return of State Property. All documents, encoded media, and other tangible items made available to CONTRACTOR by the STATE, or prepared, generated or created by CONTRACTOR in the performance of its obligations hereunder, are and will be exclusively the property of the STATE and will be available for inspection by the STATE upon request. Upon completion of CONTRACTOR'S performance of services hereunder, CONTRACTOR will, upon the STATE's request, promptly deliver to the STATE any or all such documents, encoded media and other items in its possession, including all complete or partial copies, recordings, abstracts, notes or reproductions of any kind made from or about such documents, media, items, or information contained therein. CONTRACTOR and the STATE acknowledge that all computer operating systems software programs and other third party software licensed by the STATE, and related documentation, made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform its obligations hereunder, or any translations, compilations, or partial copies thereof are and remain the property of the respective licensors.

D. Injunctive Relief. CONTRACTOR acknowledges that the STATE will be irreparably harmed if CONTRACTOR'S obligations under sections XII and XIII of this contract are not specifically enforced and that the STATE would not have an adequate remedy at law in the event of an actual or threatened violation by CONTRACTOR of its obligations. Therefore, CONTRACTOR agrees that the STATE shall be entitled to an injunction or any appropriate decree of specific performance for any actual or threatened violation or breach by CONTRACTOR without the necessity of the STATE showing actual damages or that monetary damages would not afford an adequate remedy. CONTRACTOR shall be liable to the State for reasonable attorney's fees incurred by the STATE in obtaining any relief pursuant to this section.
E. **Nondisclosure Indemnity.** Without limiting section X, CONTRACTOR agrees to indemnify, defend and save harmless the STATE and its agents, officers and employees from and against any and all claims by Third Parties that are determined in a final, non-appealable judgment by a court of competent jurisdiction to have resulted directly and proximately from CONTRACTOR'S violation of the non-disclosure provisions hereof. The STATE shall provide CONTRACTOR with prompt notice of any claim for which indemnification may be sought hereunder and shall cooperate in all reasonable respects with CONTRACTOR in connection with any such claim. CONTRACTOR shall be entitled to control the handling of any such claim and to defend or settle any such claim, in its sole discretion, with counsel of its own choosing.

XIII. **RIGHTS IN AND TO INFORMATION, INVENTIONS, AND MATERIALS.** In consideration of the facts that CONTRACTOR'S performance under this contract will involve access to and development of information which shall be trade secret information of the STATE and may involve the development by CONTRACTOR or CONTRACTOR'S participation in the development of copyrightable and/or patentable subject matter which the parties intend be owned by the STATE:

A. All right, title, and interest in and to any trade secret information of the STATE (as defined in sections XII(B)(1),(2), and (4), above) developed by CONTRACTOR either individually or jointly with others, and which arises out of the performance of this contract, will be the property of the STATE and are by this contract irrevocably transferred, assigned, and conveyed to the STATE free and clear of any liens, claims, or other encumbrances.

B. All copyrightable material which CONTRACTOR shall conceive or originate, either individually or jointly with others, and which arises out of the performance of this contract, shall conclusively be deemed "works made for hire" within the meaning and purview of section 101 of the United States Copyright Act, 17 U.S.C. § 101, to the fullest extent possible, and the STATE shall be the copyright owner thereof and of all elements and components thereof in which copyright protection can subsist. To the extent that any of the foregoing does not qualify as a "work made for hire," CONTRACTOR hereby transfers, assigns and conveys the exclusive copyright ownership thereof to the STATE, free and clear of any liens, claims or other encumbrances.

C. All right, title, and interest in and to any invention which CONTRACTOR first conceives or first reduces to practice either individually or jointly, and which arises out of the performance of this contract, will be the property of the STATE and are by this contract irrevocably transferred, assigned, and conveyed to the STATE along with ownership of any and all patents on the inventions anywhere in the world, free and clear of any liens, claims or other encumbrances. CONTRACTOR agrees to disclose promptly any such invention to the STATE. This paragraph shall not apply to any invention for which no equipment, supplies, facility or trade secret information of the STATE (as defined in Sections XII(B)(1), (2), and (4), above) was used and which was developed entirely on CONTRACTOR own time, and (a) which does not relate (i) directly to the business of the STATE, or (ii) to the STATE'S
actual or demonstrably anticipated research or development; or (b) which does not result from any work performed or materials provided by CONTRACTOR for the STATE.

D. CONTRACTOR will execute all documents and perform all other acts that the STATE may reasonably request in order to assist the STATE in perfecting its rights in and to the trade secret information of the STATE and the copyrightable and patentable subject matter identified herein, in any and all countries.

E. Without limiting section XII or parts A, B, C, and D of section XIII of this agreement, the STATE retains all rights it possesses in and to the State Databases and State Programs made available to CONTRACTOR for purposes of permitting CONTRACTOR to perform hereunder. CONTRACTOR has no title or ownership rights, including any right to sell, resell, disclose, redisclose, recombine, reconfigure or retain the State Databases or State Programs except as expressly permitted herein to permit CONTRACTOR to complete its duties hereunder. CONTRACTOR may, however, purchase a copy of publicly-accessible versions of information contained in the State Databases and State Programs from the STATE on the same terms and to the same extent as other members of the public. Except to the extent that CONTRACTOR has purchased such copy, CONTRACTOR shall not sell, resell, disclose, redisclose, recombine, reconfigure or retain the State Databases or State Programs except as otherwise expressly provided herein.

XIV. AFFIRMATIVE ACTION.

B. Minn. Stat. § 363A.36. Minn. Stat. § 363A.36 requires the contractor to have an affirmative action plan for the employment of minority persons, women, and qualified disabled individuals approved by the Minnesota Commissioner of Human Rights (“Commissioner”) as indicated by a certificate of compliance. The law addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.

C. Minn. R. Parts 5000.3400-5000.3600 provide:
1. Minn. R. Parts 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. Parts 5000.3400-5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and 5000.3552-5000.3559.

Stat. § 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

   d. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
e. The contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Minn. Stat. § 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

D. **Consequences.** The consequences for a contractor’s failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this contract by the Commissioner or the STATE.

E. **Certification.** CONTRACTOR hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. Parts 5000.3400-5000.3600 and is aware of the consequences for non-compliance.

The STATE has entered into a STATE contract with [insert general contractor full legal name], for [insert general description of services] services ("the Project"), to be provided by [SUBCONTRACTOR]/[SUBCONTRACTOR's employee] [insert employee’s full legal name]. SUBCONTRACTOR’S participation in the Project requires, among other things, disclosure to CONTRACTOR of confidential STATE information and authorship by SUBCONTRACTOR of copyrightable subject matter which the STATE and SUBCONTRACTOR intend to be owned by the STATE. The STATE is willing to permit SUBCONTRACTOR to participate in the Project as an independent contractor under contract with [insert general contractor full legal name] pursuant to the terms and conditions set forth in this contract.

Contract
In consideration of the foregoing, of being permitted to participate in the Project under contract with [insert general contractor full legal name]. SUBCONTRACTOR agrees as follows:

I. SCOPE OF, AND PAYMENT FOR, PARTICIPATION. [insert general contractor full legal name] and SUBCONTRACTOR will determine the scope of SUBCONTRACTOR’s engagement and the terms of their relationship with one another, and SUBCONTRACTOR will look solely to [insert general contractor full legal name] for payment under its contract with [insert general contractor full legal name].

II. TERM AND TERMINATION. This contract shall not be effective until approved as to form and execution by the STATE’s Legal Counsel Division, and upon such approval the effective date shall be deemed to be [insert start date here]. This contract shall continue in force and effect according to its terms. The STATE may terminate this contract at any time without penalty by giving five (5) working days written notice of termination to SUBCONTRACTOR. Unless otherwise terminated as herein provided, this contract shall terminate as of midnight, [insert termination date here].
III. **INDEPENDENT OBLIGATIONS.** The obligations of SUBCONTRACTOR under this contract are unconditional and do not depend upon the performance of any agreements, duties, obligations or terms outside this contract.

IV. **ASSIGNMENT AND BINDING EFFECT.** Except as expressly authorized in this contract, SUBCONTRACTOR shall neither assign nor transfer any rights or obligations under this contract without the prior written consent of the STATE. This contract shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns, including any corporation or other legal entity into, by or with which SUBCONTRACTOR may be merged, acquired or consolidated or which may purchase all or substantially all of the business assets of SUBCONTRACTOR.

V. **AMENDMENTS.** Any amendments to this contract shall be in writing and shall be executed by the same parties who executed the original contract, or their successors in office.

VI. **LIABILITY.** SUBCONTRACTOR shall indemnify, save, and hold the STATE, its representatives and employees harmless from any and all claims or causes of action, including all attorney's fees incurred by the STATE, arising from the participation in the Project by SUBCONTRACTOR or SUBCONTRACTOR’S agents or employees. If SUBCONTRACTOR is an entity, SUBCONTRACTOR covenants and agrees that it shall obtain and maintain liability insurance with minimum limits of one million dollars ($1,000,000) per claim, accident or occurrence, whichever is greater, covering injuries or damages caused by the acts or omissions of its employees. This clause shall not be construed to bar any legal remedies SUBCONTRACTOR may have for the STATE'S failure to fulfill its obligations pursuant to this contract.

VII. **STATE AUDITS.** The books, records, documents, and accounting procedures and practices of the SUBCONTRACTOR relevant to this contract shall be subject to examination by the contracting department and the Legislative Auditor for a minimum period of six (6) years from the termination of this contract. Records shall be sufficient to reflect all costs incurred in performance of this Contract.

VIII. **CONFIDENTIALITY; DISCLOSURE AND USE.**

A. **General.** SUBCONTRACTOR shall not disclose to any third party any information that is both: (1) made available by the STATE to SUBCONTRACTOR in order to permit SUBCONTRACTOR to participate in the Project or is created, gathered, generated or acquired in accordance with the Project; and (2) inaccessible to the public pursuant to the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court, as the same may be amended from time to time. If SUBCONTRACTOR receives a request to release the information referred to in this Clause, SUBCONTRACTOR must immediately notify the STATE. The STATE will give SUBCONTRACTOR instructions concerning the release of the information to the requesting party before the information is released.
CONTRACTOR shall not use any information that is made available by the STATE to CONTRACTOR in order to permit CONTRACTOR to perform hereunder, or is created, gathered, generated or acquired in accordance with this contract, for any purpose other than performance of this contract.

B. State Programs, Databases, Marks. Without limiting paragraph A, above, SUBCONTRACTOR agrees to the following:

1. State Programs. The computer application programs made available by the STATE to SUBCONTRACTOR in order to permit SUBCONTRACTOR to participate in the Project are referred to herein as "State Programs." The STATE is the copyright owner of the State Programs. The combination of ideas, procedures, processes, systems, logic, coherence and methods of operation embodied within the State Programs, and all analysis and design specifications, programming specifications, source code, algorithms, and information contained in technical reference manuals pertaining to the State Programs, are trade secret information of the STATE. The computer operating systems software programs and other third party software licensed by the STATE to SUBCONTRACTOR in order to permit CONTRACTOR to participate in the Project, are subject to claims of trade secret and copyright ownership by the respective licensors and will be treated by SUBCONTRACTOR in the same manner as trade secret information of the STATE. In addition, SUBCONTRACTOR will familiarize itself with and abide by the terms and conditions of the license agreements applicable to such third party software. Without limiting the foregoing, SUBCONTRACTOR may also be required to sign an appropriate confidentiality agreement with the STATE’s software vendor if access to proprietary segments of the MNCIS application are necessary for SUBCONTRACTOR’s work hereunder.

2. State Databases. The computer databases made available by the STATE to SUBCONTRACTOR in order to permit SUBCONTRACTOR to participate in the Project are referred to herein as "State Databases." The STATE is the copyright owner of the State Databases and of all copyrightable aspects and components thereof. All specifications and information pertaining to the State Databases and to their structure, sequence and organization are trade secret information of the STATE. All information contained within the State Databases is sensitive, confidential information and will be treated by SUBCONTRACTOR in the same manner as trade secret information of the STATE. Without limiting any of the foregoing, SUBCONTRACTOR understands and agrees that to the extent that any records made available by the STATE or CONTRACTOR to SUBCONTRACTOR hereunder are publicly-accessible, the STATE retains all rights it possesses in and to such records and SUBCONTRACTOR has no title or ownership rights, including any right to sell, resell, disclose, redisclose, recombine, reconfigure or retain such records except: (i) as expressly required for SUBCONTRACTOR’s compliance with this contract; or (ii) to the extent that it has purchased or
obtained the same from the STATE on the same terms and via the same means and to the same extent as other members of the public.

3. **Marks.** The STATE claims that the marks “MNCIS,” “CriMNet,” "SJIS," and "MARS" are trademarks and service marks of the STATE or of other agencies of the state of Minnesota. SUBCONTRACTOR shall neither have nor claim any right, title, or interest in or use of any trademark, service mark, or tradename owned or used by the STATE or other agencies of the state of Minnesota.

4. **Restrictions on Duplication, Disclosure and Use.** SUBCONTRACTOR will not, except as required for SUBCONTRACTOR'S participation in the Project, copy any part of the State Programs or State Databases, prepare any translations thereof or derivative works based thereon, use or disclose any trade secret information of the STATE, or use any trademark, service mark, or tradename of the STATE, in any way or for any purpose not specifically and expressly authorized by this contract. As used herein, "trade secret information of the STATE" means any information or compilation of information possessed by the STATE, or developed by SUBCONTRACTOR in the performance of its obligations hereunder, which derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use. "Trade secret information of the STATE" does not, however, include information which was known to SUBCONTRACTOR prior to SUBCONTRACTOR'S receipt thereof, either directly or indirectly, from the STATE, information which is independently developed by SUBCONTRACTOR without reference to or use of information received from the STATE, or information which would not qualify as trade secret information under Minnesota law. It will not be a violation of this section for SUBCONTRACTOR to disclose any information received from the STATE pursuant to the order of a court or governmental authority of competent jurisdiction if SUBCONTRACTOR notifies the state immediately upon receipt by SUBCONTRACTOR of notice of the issuance of such an order.

5. **Proprietary Notices.** SUBCONTRACTOR will advise its employees and permitted subcontractors who are permitted access to any of the State Programs, State Databases, or trade secret information of the STATE of the restrictions upon duplication, disclosure and use contained in this contract. Without limiting the foregoing, SUBCONTRACTOR shall include in and/or on any copy or translation of, or derivative work based upon, any of the State Programs, the State Databases, or trade secret information of the STATE, or any part thereof, and any documents pertaining thereto, the same copyright and other proprietary notices as appear on the copies made available to SUBCONTRACTOR by the STATE, except that copyright notices shall be updated and other proprietary notices added as may be appropriate.
C. **Inspection and Return of State Property.** All documents, encoded media, and other tangible items made available to CONTRACTOR by the STATE, or prepared, generated or created by SUBCONTRACTOR in SUBCONTRACTOR'S participation in the Project, are and will be exclusively the property of the STATE and will be available for inspection by the STATE upon request. Upon completion of SUBCONTRACTOR’S participation in the Project, SUBCONTRACTOR will, upon the STATE’S request, promptly deliver to the STATE any or all such documents, encoded media and other items in its possession, including all complete or partial copies, recordings, abstracts, notes or reproductions of any kind made from or about such documents, media, items, or information contained therein. SUBCONTRACTOR and the STATE acknowledge that all computer operating systems software programs and other third party software licensed by the STATE, and related documentation, made available by the STATE to SUBCONTRACTOR in order to permit SUBCONTRACTOR to perform its obligations hereunder, or any translations, compilations, or partial copies thereof are and remain the property of the respective licensors.

D. **Injunctive Relief.** SUBCONTRACTOR acknowledges that the STATE will be irreparably harmed if SUBCONTRACTOR'S obligations under sections VIII and IX of this contract are not specifically enforced and that the STATE would not have an adequate remedy at law in the event of an actual or threatened violation by SUBCONTRACTOR of its obligations. Therefore, SUBCONTRACTOR agrees that the STATE shall be entitled to an injunction or any appropriate decree of specific performance for any actual or threatened violation or breach by SUBCONTRACTOR without the necessity of the STATE showing actual damages or that monetary damages would not afford an adequate remedy. SUBCONTRACTOR shall be liable to the State for reasonable attorney's fees incurred by the STATE in obtaining any relief pursuant to this section.

E. **Nondisclosure Indemnity.** Without limiting section VI, SUBCONTRACTOR agrees to indemnify, defend and save harmless the STATE and its agents, officers and employees from and against any and all claims by Third Parties that are determined in a final, non-appealable judgment by a court of competent jurisdiction to have resulted directly and proximately from SUBCONTRACTOR'S violation of the non-disclosure provisions hereof. The STATE shall provide SUBCONTRACTOR with prompt notice of any claim for which indemnification may be sought hereunder and shall cooperate in all reasonable respects with SUBCONTRACTOR in connection with any such claim. SUBCONTRACTOR shall be entitled to control the handling of any such claim and to defend or settle any such claim, in its sole discretion, with counsel of its own choosing.

IX. **RIGHTS IN AND TO INFORMATION, INVENTIONS, AND MATERIALS.** In consideration of the facts that SUBCONTRACTOR'S participation in the Project will involve access to and development of information which shall be trade secret information of the STATE and may involve the development by SUBCONTRACTOR or SUBCONTRACTOR'S participation in the development of copyrightable and/or patentable subject matter which the parties intend be owned by the STATE:

A. All right, title, and interest in and to any trade secret information of the STATE (as defined in sections VIII(B)(1), (2), and (4) above) developed by SUBCONTRACTOR either
individually or jointly with others, and which arises out of SUBCONTRACTOR’s participation in the Project, will be the property of the STATE and are by this contract irrevocably transferred, assigned, and conveyed to the STATE free and clear of any liens, claims, or other encumbrances.

B. The STATE shall be the copyright owner of all copyrightable material that SUBCONTRACTOR shall conceive or originate, either individually or jointly with others, and which arises out of the performance of this contract, and of all elements and components thereof in which copyright protection can subsist. To the extent that any of the foregoing does not qualify as a "work made for hire" within the meaning and purview of section 101 of the United States Copyright Act, 17 U.S.C. § 101, SUBCONTRACTOR hereby transfers, assigns and conveys the exclusive copyright ownership thereof to the STATE, free and clear of any liens, claims or other encumbrances.

C. All right, title, and interest in and to any invention which SUBCONTRACTOR first conceives or first reduces to practice either individually or jointly, and which arises out of SUBCONTRACTOR’S participation in the Project, will be the property of the STATE and are by this contract irrevocably transferred, assigned, and conveyed to the STATE along with ownership of any and all patents on the inventions anywhere in the world, free and clear of any liens, claims or other encumbrances. SUBCONTRACTOR agrees to disclose promptly any such invention to the STATE. This paragraph shall not apply to any invention for which no equipment, supplies, facility or trade secret information of the STATE (as defined in Sections VIII(B)(1), (2), and (4), above) was used and which was developed entirely on SUBCONTRACTOR’S own time, and (a) which does not relate (i) directly to the business of the STATE or (ii) to the STATE’S actual or demonstrably anticipated research or development, or (b) which does not result from any work performed or materials provided by SUBCONTRACTOR for the STATE.

D. SUBCONTRACTOR will execute all documents and perform all other acts that the STATE may reasonably request in order to assist the STATE in perfecting its rights in and to the trade secret information of the STATE and the copyrightable and patentable subject matter identified herein, in any and all countries.

E. Without limiting section VIII or parts A, B, C, and D of section IX of this agreement, the STATE retains all rights it possesses in and to the State Databases and State Programs made available to SUBCONTRACTOR for purposes of permitting SUBCONTRACTOR to perform hereunder. SUBCONTRACTOR has no title or ownership rights, including any right to sell, resell, disclose, redisclose, recombine, reconfigure or retain the State Databases or State Programs except as expressly permitted herein to permit SUBCONTRACTOR to complete its duties hereunder. SUBCONTRACTOR may, however, purchase a copy of publicly-accessible versions of information contained in the State Databases and State Programs from the STATE on the same terms and to the same extent as other members of the public. Except to the extent that SUBCONTRACTOR has purchased such copy, SUBCONTRACTOR shall not sell, resell, disclose, redisclose, recombine,
reconfigure or retain the State Databases or State Programs except as otherwise expressly provided herein.

X. [RESERVED FOR FUTURE USE]

XI. [RESERVED FOR FUTURE USE]

XII. **ANTITRUST.** SUBCONTRACTOR hereby assigns to the State of Minnesota any and all claims for overcharges as to goods and/or services provided in connection with the Project resulting from antitrust violations that arise under the antitrust laws of the United States and the antitrust laws of the State of Minnesota.

XIII. **OTHER PROVISIONS.**

A. **Warranties.**

1. **Original Works.** In participating in the Project, SUBCONTRACTOR will not use or incorporate any trade secret information or copyrighted works of authorship of SUBCONTRACTOR or of any third party, and except for components already in the public domain (without any license restrictions attached thereto), all software, documentation, information and other materials provided or furnished by SUBCONTRACTOR in performing the duties under this contract will be original and will not violate or infringe upon the rights of any third party.

2. **Professional Services; Status; Conflicts of Interest.** SUBCONTRACTOR represents and warrants to the STATE that [SUBCONTRACTOR]/[all services related to the Project will be performed exclusively by SUBCONTRACTOR’s employee __[insert employee’s full legal name]____ who is and will be acting as an employee of SUBCONTRACTOR within the meaning and purview of the "works made for hire" provision of the Copyright Laws of the United States of America and who:]

   a. Has the proper training, skill and background so as to be able to perform all professional integration services required for the Project in a competent and professional manner, and all such work shall be of quality;

   b. Has obtained lawful permanent residence in the United States of America with a right to live and work permanently in the United States of America; and
c. Has no interest in any pending or threatened litigation or proceedings in any Minnesota state court and has no immediate family members who have any such interests.

If SUBCONTRACTOR becomes aware of any [SUBCONTRACTOR]/[SUBCONTRACTOR employee] interest (or that of [SUBCONTRACTOR’s]/[SUBCONTRACTOR’s employee’s] immediate family members) in any threatened or pending litigation or proceeding in any Minnesota state court, SUBCONTRACTOR shall immediately notify the STATE of such interest, and SUBCONTRACTOR acknowledges that the STATE may immediately disqualify [SUBCONTRACTOR] /[SUBCONTRACTOR’s employee] from performing services related to the Project, and [SUBCONTRACTOR]/[SUBCONTRACTOR’s employee] shall have no further access to the confidential information of the STATE.

3. **Mutual Representations and Warranties.** SUBCONTRACTOR and the STATE each represent and warrant to the other that: a) it has the full right, power and authority to enter into this contract and to perform fully all of its obligations hereunder; b) it is free of any obligation or restriction that would prevent it from entering into this contract or from performing fully any of its obligations hereunder; and c) it has not entered into and will not enter into any contract which would impede the full performance of its obligations hereunder or would in any way limit or restrict the rights of the other under this contract.

1) **Patent and Copyright Indemnity.** Without limiting section VI, SUBCONTRACTOR shall indemnify the STATE and hold it harmless against any claim that the work performed or material provided by SUBCONTRACTOR’S participation in the Project infringes or violates the patent, copyright, or trade secret rights of any third party. SUBCONTRACTOR shall pay any and all resulting costs, expenses (including attorney's fees), damages and/or liabilities associated with or resulting from any such claim.

2) **Relationship of the Parties.** SUBCONTRACTOR is an independent contractor. SUBCONTRACTOR and CONTRACTOR'S employees and agents shall not be deemed for any purpose to be an employee of the STATE. Neither SUBCONTRACTOR nor the STATE shall have the right or the authority to assume, create or incur any liability or obligation of any kind, express or implied, against or in the name of or on behalf of the other.

3) **Publicity.** Any publicity regarding the subject matter of this contract must identify the STATE as the sponsoring agency and must not be released without the prior written approval from the STATE’S Authorized Representative. For purposes of this provision, publicity includes notices, informational pamphlets, press releases,
research, reports, signs, and similar public notices prepared by or for SUBCONTRACTOR individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this contract. Notwithstanding anything in this contract to the contrary, either party may disclose to the public the existence of this contract, the parties to the contract, and the material terms of the contract, including price, projected term, and scope of work.

4) **Endorsement.** SUBCONTRACTOR must not claim that the STATE endorses its products or services.

5) **Non-Exclusivity.** This contract shall not preclude SUBCONTRACTOR from developing materials outside this contract that are competitive, irrespective of their similarity to materials delivered to the STATE under SUBCONTRACTOR’S participation in the Project; provided, however, that such materials prepared by SUBCONTRACTOR shall not violate the nondisclosure and intellectual property provisions of this contract. Nothing in this contract shall be construed as precluding or limiting in any way the right of SUBCONTRACTOR to provide computer consulting and programming services or other services of any kind to any person or entity as SUBCONTRACTOR in its sole discretion deems appropriate.

6) **Notices.** Any written notice hereunder shall be deemed to have been received when: (A) personally delivered; (B) sent by confirmed facsimile transmission or telegram; (C) sent by commercial overnight courier with written verification of receipt; or (D) seventy-two (72) hours after it has been deposited in the United States mail, first class, proper postage prepaid, addressed to the party to whom it is intended at: (1) the address first set forth herein, if to SUBCONTRACTOR; (2) at 145 Minnesota Judicial Center, St. Paul, MN 55155, if to the STATE, with a copy to Legal Counsel Division, 125 Minnesota Judicial Center, 25 Rev. Martin Luther King Jr., Blvd. St. Paul, MN 55155; or (3) at such other address of which written notice has been given in accordance herewith.

7) **Facilities and Use Conditions.** Without limiting SUBCONTRACTOR’s responsibilities under any other section of this contract, to the extent that SUBCONTRACTOR utilizes STATE provided on-site facilities (including, but not limited to, computers, desks, Internet connections, etc.) to perform SUBCONTRACTOR’s duties under this contract, SUBCONTRACTOR must comply with all policies of the STATE and the Minnesota Judicial Branch as they relate to the acceptable use or operation of STATE facilities, including, without limitation, the Minnesota State Court System Policies on the Use of the Internet and Other Electronic Communication Tools and Drug Free Workplace as the same may be amended and replaced from time to time.

8) **Miscellaneous.**
1. The provisions of sections III, IV, VI, VII, VIII, IX, XII, and XIII shall survive any cancellation or termination of this contract, as shall any other provisions which by their nature would be intended or expected to survive such cancellation or termination.

2. Captions are for convenient reference and do not constitute a part of this contract.

3. The failure by either Party at any time to enforce any of the provisions of this contract or any right or remedy available hereunder or at law or in equity, or to exercise any option herein provided, shall not constitute a waiver of such provision, right, remedy or option or in any way affect the validity of this contract. The waiver of any default by either Party shall not be deemed a continuing waiver, but shall apply solely to the instance to which such waiver is directed.

4. This contract shall in all respects be governed by and interpreted, construed and enforced in accordance with the laws of the United States of America and of the State of Minnesota, without regard to Minnesota’s choice of law provisions. Any action arising out of or relating to this contract, its performance, enforcement or breach will be venued in a state or federal court situated within the State of Minnesota. SUBCONTRACTOR hereby irrevocably consents and submits itself to the personal jurisdiction of said courts for that purpose.

5. Every provision of this contract shall be construed, to the extent possible, so as to be valid and enforceable. If any provision of this contract so construed is held by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, such provision shall be deemed severed from this contract, and all other provisions shall remain in full force and effect.

6. This contract sets forth the entire agreement and understanding between the Parties regarding the subject matter hereof and supersedes any prior representations, statements, proposals, negotiations, discussions, understandings, or agreements regarding the same subject matter; provided that all terms and conditions of all preexisting contracts or agreements between the parties shall continue in full force and effect except as supplemented or modified by this contract. In the event of any inconsistency or conflict between the terms of this contract and any other agreement between the parties, the terms of this contract shall govern.

CONFIDENTIALITY AND DISCLOSURE OF INTEREST FORM

SAMPLE ONLY; NOT AN OFFER

I. CONFIDENTIALITY.

I, ________________________________, an employee of CONTRACTOR (“CONTRACTOR”), acknowledge that CONTRACTOR has been granted certain access to non-public data and records of the State of Minnesota (the “STATE”) pursuant to a [CONTRACT] (“Contract”) between CONTRACTOR and the STATE. I further acknowledge that such information has tangible value, contains valuable trade secrets, copyrights and confidential information of the STATE and other parties.

To the extent that I come into possession of any non-public data or records (including, without limitation, non-public data or records as defined in the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court, as the same may be amended from time to time) or any proprietary or confidential information of the STATE or any third party, I will not use any such information for any purpose other than performance of the Contract and will not disclose any such information to any third party without the STATE’s consent, except: (a) as may be required by law, regulation, judicial or administrative process; or (b) as required in litigation pertaining to this Agreement, provided the STATE is given advance notice of such intended disclosure in order to permit the STATE the opportunity to seek a protective order; or (c) to the extent such information (i) becomes publicly available (including, without limitation, any information filed with any governmental agency and available to the public) other than as a result of a disclosure by CONTRACTOR in breach of its obligations under the Contract or disclosure by me in breach of this Agreement, (ii) becomes available to CONTRACTOR or to me on a non-confidential basis from a source other than the STATE, which is not prohibited from disclosing such information to CONTRACTOR or to me by obligation to the STATE, (iii) is known by CONTRACTOR or to me prior to its receipt from the STATE without any obligation of confidentiality with respect thereto; or (iv) is developed by CONTRACTOR or by me independently of any disclosures made by the STATE to CONTRACTOR or to me of such information.

In addition, I understand and agree that to the extent that any records made available by the STATE to me are publicly-accessible, the STATE retains all rights it possess in and to such records, and I have no title or ownership rights, including any right to sell, resell, disclose, redisclose, recombine, reconfigure or retain such records except: (i) as expressly required for CONTRACTOR’s compliance with the Agreement; or (ii) to the extent that I have purchased or obtained the same from the State on the same terms and via the same means and to the same extent as other members of the public.

In addition, I shall not sell, resell, disclose, redisclose, recombine, reconfigure or retain the Data, Records, Documents, Information, or Information Databases, or Original Documents transmitted to or from the STATE under the Contract except as otherwise expressly provided in the Contract, subject to the exceptions set forth in items (a), (b) and (c) in the preceding paragraph. I agree that my obligations with
respect to the confidentiality and security of all information disclosed to me shall survive the termination of any agreement or relationship between the STATE and CONTRACTOR and/or me.

I acknowledge and agree that a breach by me of any of the covenants set forth in this Agreement will cause irreparable injury to the STATE or others for which damages, even if available, will not constitute an adequate remedy. Accordingly, I agree that the STATE, in addition to any other remedy available at law or in equity, shall be entitled to the issuance of injunctive relief (including, without limitation, specific performance) in order to enforce the covenants and agreements contained herein.

If attorneys’ fees or other costs are incurred by the STATE to secure performance of any obligations under this Agreement, or to establish damages for the breach thereof or to obtain any other appropriate relief, whether by way of prosecution or defense, and the STATE is the prevailing party, the STATE will be entitled to recover from me reasonable attorneys’ fees and costs incurred in connection therewith.

This Agreement shall be interpreted in accordance with the laws of the state of Minnesota. Any action arising out of or relating to this Agreement, its performance, enforcement or breach, will be venued in a state court situated within Ramsey County, Minnesota.
