

## Odyssey Integration Scenario 1 Charge Notifications

Notification Events: Charge Filed, Charge Deleted, Charge Modified, Charge Amended

---

Sample Case: 87-CR-07-Scenario1

Defendant Name: Blanden Jamelze (This is a made-up name; any similarity to an existing person is purely coincidental.)

XML Messages – see the accompanying messages that come out of the notification process after each step is completed in Odyssey.

Step	Description	Notes
A	Case initiated with one charge. Count #1 = Traffic - Careless Driving	Case Initiation Notification Event includes one charge element. Charge Sequence ID = 1
B	Count #1 modified to Traffic – Speeding – Exceed Limit	Charge Modified Notification Event includes one charge element. Charge Sequence ID = 1.  Note: Same Charge Version Key as in Step A.
C	Count #1 amended by reducing from misdemeanor to petty misdemeanor	Charge Amended Notification Event includes one charge element. Charge Sequence ID = 1.  Note: New Charge Version Key. Also, includes Amended Reason and Amended Date.
D	Charge 2 filed. Count #2 = Traffic – DWI – First-Degree Driving While Impaired; Described	Charge Filed Notification Event includes one charge element. Charge Sequence ID = 2.
E	Count #2 modified to Traffic – Careless Driving	Charge Modified Notification Event includes one charge element. Charge Sequence ID = 2.  Note: Same Charge Version Key as in Step D.
F	Count #2 deleted	Note: In Odyssey, since charge 2 has an original filing charge and a later amended charge 2, you first delete the amended charge 2, and then you delete the original filing charge.

		You can either do this all at once and then save the case, or you can do it in two steps, saving the case in between.
