Speaker 1:

Okay, are you feeling the effects of your pills right now?

George:

Well I'm in addiction on the pills. That's why I'm saying like I don't [inaudible 00:01:50] how it looks just [inaudible 00:01:57] the bag my stuff was in. When I came out I had ... That's why I got one meal, and a birth certificate, and my license. [inaudible 00:02:06] or whatever they do.

George:

So take the bag and it just felt funny but he takes [inaudible 00:02:16]; that's the whole thing. Okay, yeah I said, "[inaudible 00:02:22]." Everything just was ... And [inaudible 00:02:24] been there two years [inaudible 00:02:28]. And now I say, "[inaudible 00:02:33]." [inaudible 00:02:34] because I'll take off walking-

Speaker 1:

Mm-hmm (affirmative).

George:

[inaudible 00:02:45] down at the old casino back in Houston in the neighborhood when I was out there you know? And I was walking through the [inaudible 00:02:57] street and I turned around I said, "Man I don't know [inaudible 00:03:00]." I could tell that [inaudible 00:03:02] they know he's in addiction too.

George:

But [inaudible 00:03:07] and I [inaudible 00:03:15] street. Instead of him taking me over here where I need to go to and get my car and [inaudible 00:03:22], and that's just where the [inaudible 00:03:23]. That's all I was trying to do.

George:

And when I dozed off, and I woke up I saw where we at, and it was just neighborhood so I'm like, "[inaudible 00:03:29]." And you can look at his eyes and it came out the back of his eyes, I was like, "[inaudible 00:03:41]."

George:

I said, "Man [inaudible 00:03:44], man [inaudible 00:03:45] out here, these ain't my people." [inaudible 00:03:47] I don't know [inaudible 00:03:52]. What happened why I'm in here is [inaudible 00:04:12]-

So how many did you have on you?

George:

Oh man, I supposedly had like 25 or something like that. But he had told me he said ... When he gave them to me, he's like he only gave me a few of them instead of all of them. He said, "I'm going to hold them [inaudible 00:04:35] responsible for them, don't worry about it."

George:

So I wasn't ... And he said he was going to have money when he gets this people house or whatever, and that's why we rode over there. Because my money was to get the thing out the tow; my car had been there since Wednesday, and I wanted to get it out before it got too high. I had to scrape up to get that. You know?

Speaker 1:

And do you normally sell them or do you take [crosstalk 00:04:59]?

George:

No I'm ... Well the reason why I don't get involved with that because Minneapolis has been good to me. And regardless of my addiction, I never wanted to see the penitentiary again. Because my daughter didn't want inquire for the simple fact because I did a [inaudible 00:05:25] and I had been in jail and they judged me off of that.

Speaker 1:

Okay.

George:

But I [inaudible 00:05:31] got any more.

Let me [inaudible 00:05:35].

George:

I don't know if they got any more. [inaudible 00:05:36]?

Speaker 2:

Like seven or eight.

Speaker 2:

Seven or eight? When?

George:

Today.

Speaker 2:

Well around what time?

George:

I mean, I'm going to say sometime, I just did. [inaudible 00:08:43] I ate one [inaudible 00:08:43] like [inaudible 00:08:45] on that. And it's just like ... I don't know, he told me put my stuff in there. Be like [inaudible 00:08:57] little thing, when you going to satisfy [inaudible 00:08:59] and stuff like that. And I don't have a wallet. And [inaudible 00:09:05] and man he took, man, the bag and I just knew was some shit going on.

Speaker 2:

Okay well I need you to concentrate on one thing at a time here, okay?

George:

Yes sir.

Speaker 2:

You said you took seven [crosstalk 00:09:15] or eight pills, right?

George:

[inaudible 00:09:16]

Speaker 2:

What time did you wake up?

George:

Well it's around [inaudible 00:10:05] 7:00, 7:30 something like that.

Speaker 2:

Okay. And then from then till now, when do you think you took some pills? Was it seven all at once, or seven throughout the day?

George:

I can't remember what time it was when we did [inaudible 00:10:24]. You know I'm thinking and I just know [inaudible 00:10:32] buy from. And [inaudible 00:10:32] he defend himself you know? And I just know a con when I see it. I'm not the [inaudible 00:10:35] dude, I know a con when I see it.

And [inaudible 00:10:55] the bag you know? And my [inaudible 00:10:57], my [inaudible 00:10:57], "Hey man, you want to [inaudible 00:11:01]?" And now [inaudible 00:11:03] bag. And you know what he did? He took [inaudible 00:11:04] after [inaudible 00:11:07] is the fact that he took the bag to that people's house and I don't know those people. And I said, "Let me get my information out of there." Man he would not do it, he would not do it. And I was mad.

Speaker 2:

But when did you take those pills? All at once?

George:

[inaudible 00:11:29] not no, no, no, no, no, no, no, no, no. I can't do it like that there. But I do is like 30 minutes and then I'll-

[inaudible 00:11:46] wise.

George:

Yeah and I ate one pill, yeah.

Speaker 2:

Investigate [inaudible 00:12:07]. Again I'm just saying [inaudible 00:12:07] you're mumbling is bad. I know I'm in bad condition, there's two people say [inaudible 00:12:14] my brothers said to me, "Floyd, you bad man."

Speaker 2:

But under the influence of a pill, is this how you usually behave?

George:

Yeah, yeah.

Speaker 2:

So can you comprehend what's going on today?

George:

Absolutely I'm aware yeah.

Speaker 2:

Okay, and so if you're aware of what's going on today, right? What day of the week is it today?

George:

Your behavior is concerning for me. I think I'm going to call an ambulance come take a look at you.

George:

Yeah, I know I need some help. And you know, I can see [inaudible 00:13:18] stuff and I was like, "That's okay, as long as I get to my car." You know [inaudible 00:13:28]? Shelley:

You think you took some when... when the police showed up.

George Floyd:

I had to... I had to do it.

Shelley:

You took one? Okay, and then you said you were taking them, what... 20 minutes apart, like before that?

George Floyd:

Uh, its uh, as you can see I'm... I'm not in the best shape for that much

Shelley:

Say that again, I didn't understand...

George Floyd:

I said, I said uh, maybe it'll, it'll come to me, I just need a little time because I'm not in the best shape right now.

Shelley:

No.

George Floyd:

No, nothing? All right.

George Floyd:

Oh goodness, this is gonna be... a trick...

Speaker 3:

What do you need? Can I help you?

Shelley:

No, normally I'd like to roll the sleeve up, this is a tight one, if we could get this arm kind of straight, we might be able to get it through that. Let's hope it's enough to put in my other one.

George Floyd:

[inaudible 00:36:31]

Shelley:

Hold still, it's really hard here.

Shelley:

Have you ever... do you ever take medicines for your blood pressure?

George Floyd:

Oh yeah it's white, white pills, and it's in a... at least it's something like that...

Shelley:

What, what's the name of it? For your blood pressure...

George Floyd:

I don't, the name of it's, something with an a.

Shelley:

Atenolol?

George Floyd:

No, uh, uh, what's the name of the pill...

Shelley:

And it's for your blood pressure...

George Floyd:

I can't think of the name for it... but uh... yeah... [inaudible 00:37:57].

George Floyd:

Yeah, but I'd be worked up like that, [inaudible 00:38:09].

Yeah but that kind of blood pressure, I'm worried that you would maybe, you're kind of in danger of having a stroke or a heart attack or something like that.

George Floyd:

[inaudible 00:38:16].

Shelley:

So be square with me, have you had any meds, or cocaine, or anything

George Floyd:

[Inaudible 00:38:20]

Because that kind of stuff could do that.

George Floyd:

I just uh, it's just natural uh, blood pressure [inaudible 00:38:26] my mom, my dad

Shelley:

Wow, that's really up there.

George Floyd:

It's in our family [inaudible 00:38:32] it's too early to run any.

Shelley:

We need to take you to the doctor for that.

George Floyd:

[inaudible 00:38:33].

Shelley:

And I'm going to check, recheck your meds when we get you laying down upstairs.

George Floyd:

[inaudible 00:38:40].

George Floyd:

Keeping track of what stuff?

Shelley:

Your blood pressure. We're gonna keep an eye on that, take a picture of your heartbeat, stuff like that. Keep an eye on it until things settle down better.

Shelley:

I don't know we might be able to give you...

Shelley:

Do you remember, is it Atenolol? that you take?

George Floyd:

I can't remember m'am.

Shelley:

Don't remember? Are you in the... what hospital have you been to, we might be able to see it in your medical record. See if you'd need any...

George Floyd:

I haven't really been down here, but one time when I first, first arrived, for my treatment.

Speaker 3:

Is that because, because your idea was from Texas, right?

George Floyd:

Yes sir.

Shelley:

Oh, so you're actually.. have you been to like[inaudible 00:39:29], HCMC?

I don't um, I don't really take it [inaudible 00:39:42].

Shelley:

Okay, and then the other question is, why did you take so many of the pain pills? Are you having pain somewhere... or?

George Floyd:

No, I uh, I'm just addicted, taking the pills.

Shelley:

So you're feeling sick if you don't take it.

George Floyd:

Yeah, it's [inaudible 00:40:04]. People pray on the weak man.

George Floyd:

How about anything else, like bee stings, foods? Anything else... tape?

George Floyd:

Nahh uh... no.

Shelley:

Penicillins, nothing?

George Floyd:

[inaudible 00:40:59] thanks for asking though.

Okay, well I'm just making sure that, if they need to give you any medicines, that it isn't something that you know is gonna make you sick.

No m'am.

Shelley:

No headache or anything.

George Floyd:

I've been through so many times, this is, this is [inaudible 00:41:28].

George Floyd:

Speaker 3:

George, are you, willing to go with them to the hospital?

George Floyd:

I don't wanna, I don't wanna go just now...

Speaker 3:

Okay, well let me explain to you all this [inaudible 00:43:41]. If you're not willing to go voluntarily, I do have to, based on your condition, and based on your assessment, have to put you on hold.

George Floyd:

Hold on what?

Speaker 3:

On [inaudible 00:43:50] hold.

George Floyd:

What does that, what does that mean? [inaudible 00:43:55].

Speaker 3:

No they just, the doctors take a look at you, make sure you're okay.

George Floyd:

When you say hold... what kind of hold?

Speaker 3:

It means you're there until the doctor allows you to [inaudible 00:44:06].

George Floyd:

The hold basically states that you just have to ride with us to the hospital, see the doctor, and the hold is over.

Speaker 3:

Let me see your hand.

George Floyd:

It's because we're all, we're all concerned that... [inaudible 00:44:17].

George Floyd:

I'm going to be on hold, or you're saying that I got to go to the hold?

This transcript was exported on Oct 12, 2020 - view latest version [here](#).

Shelley:

No, not to the hold.

Speaker 3:

No, not to the hold, not in, into a prison cell or anything.

Shelley:

Glad you asked.

Speaker 3:

You just got to go to the hospital.

Shelley:

Because we're all concerned, you're, you're not taking your blood pressure medicine, you're blood pressures way too high.

George Floyd:

This is like, like an everyday demeanor. Like right here, I said I'll just going right into town and [inaudible 00:44:42], he took me there. [inaudible 00:44:47]. I know, you're going to, you gonna say I was mumbling, [inaudible 00:44:55] super high, talking a little fast, and I can dig it, you know, but the situation I'm faced with right now, [inaudible 00:45:07].

Shelley:

Woah, [inaudible 00:45:10] sorry!

Shelley:

You know you're um...

Speaker 5:

'Scuse me.

Shelley:

[inaudible 00:45:15] you're blood pressure is not supposed to be over 130, and the bottom number is 160, so you're way to high, we gotta, we gotta get that fixed, before we have problems that they can't fix.

George Floyd:

[inaudible 00:45:30] right now.

Shelley:

So what's a good [inaudible 00:45:36].

George Floyd:

The whole thing it's happened, I've seen it all before, I ain't come down here for that.

George Floyd:

[inaudible 00:45:59].

Shelley:

Okay, hear me out, when the police take custody of you, you know, they make the decisions best for you, even when you can't make good decisions.

George Floyd:

I ain't, I ain't asked for this...

Shelley:

So they're gonna, they're gonna give us some paperwork that tells us, that they want, we're gonna have to take you down to the doctor, and you get to chill there for a bit, and when they get everything straightened out, you get to do your thing again, all right? All right? I mean, I don't want to fight ya. [inaudible 00:46:32].

Shelley:

You wouldn't wanna fight with me, that's not even a fair fight is it?

George Floyd:

Shelley:

George Floyd:

So, I still have to go?

Shelley:

Yeah, you still have to go.

George Floyd:

Shelley:

This might be the time that you get, feeling better.

George Floyd:

It's just [inaudible 00:47:18] right now.

Shelley:

What?

George Floyd:

It's just [inaudible 00:47:20] right now, [inaudible 00:47:20], it's too much.

Shelley:

All right, then lets lay down and we'll take care of it, all right? If it's too much let's lay down and we'll get it all [inaudible 00:47:27].

George Floyd:

Plus I don't wanna be those [inaudible 00:47:32].

Shelley:

Look at me, we do this all time [inaudible 00:47:40], we'll take good care of ya, all right.

Shelley:

We're not judging ya, we just wanna make sure you're okay, all right?

Shelley:

Maybe this was, this was, you know, all this came around, maybe this is what it takes to get you taken care of, fine all right. Maybe this was meant to be, we'll just roll with it, all right. We got ya.

George Floyd:

Shelley:

I don't know, know anything about all that. It's all behind ya, it's all behind ya.

George Floyd:

[inaudible 00:48:47] in the bag [inaudible 00:48:52].
