RE: 10-PR-16-46
In re the Estate of Prince
Rogers Nelson, Deceased

Dear Judge Eide:

My name is Cassandra Boyd.
I urgently need to speak with you
regarding the Estate of Prince
Rogers Nelson. Prince is my
husband. We were married February
16, 2008 in Chattanooga, Tennessee.
Prince and I concealed our relationship

from the public because of numerous death threats we received from Prince's ex-wives and other celebrities. They told Prince, if he and I were seen in public, that I'd be killed and so would he. I believe that this group is responsible for my husband's death and that they and Wave, a music and entertainment company, have colluded together to steal control of my assets and make me fear for my life if I came forward. Prince told me that he called his sister, Tyka Nelson, in late 2012, and asked her for help in concealing my identity but help me have control and management of our property should anything happen to him. Prince told me to wait at least a few years, until the dust settled, and then contact Tyka. If she did not help, contact Prince's other siblings. If they don't help, contact Wave. Prince told me that when I approached Tyka, a lawyer named Kenneth Abdo, would be watching to see if I

approached her and contact me. Kenneth and Prince talked about me, Prince said, and his services were paid for, so I wouldn't need any money to get him to help me. I went to Paisley

Park and took a tour October 13, 2019 and no one approached me from the Nelson Bakers but I believe I was followed. I returned to

Minneapolis last year September 3-6, 2020 and took 2 tours at Paisley Park and also stood outside

Tyka's home, trying to get attention on her RING doorbell. I was afraid to go to the door. I believe I was followed by Prince's relatives but

no one approached me or tried to contact me. I've been waiting 2 years for Kenneth Abdo to contact me but he has not. Please see

the attached e-mail I sent to Kenneth Abdo. He has not responded to me. On August 5, 2021,

I witnessed a shooting outside my home at a nearby bus stop. I watched a man shoot another man

across the street. He had a clear sightline to me. Luckily for me, I ran and hid behind a car parked behind me in a daycare parking lot. I put my things inside my home and ran across the street after the police arrived to let them know that I witnessed the shooting. I believe that the celebrities that are helping my relatives run a gang on the south and west sides of Chicago and that they asked this man to shoot me and tried to make it seem like it was just part of gang violence. My neighborhood has become more violent the last few years and I think these celebrities are trying to make the neighborhood violent so that I will move since Prince and I chose this home together. The celebrities in question all have some sort of crush on Prince or me or both of us and nearly all of them are bi-sexual.

They've propositioned him for sex and repeatedly demanded that he offer me up to have sex with them as well). When he refused, they threatened to kill or rape both of us. I found out about all of this in 2004, when Prince and I began our romantic relationship.

But, as far as I know, they have been making demands that he offer me up to have sex with them since 1997. I have known Prince since I was 4 years old.

I am a multi-instrumentalist, singer, songwriter, dancer, choreographer.

I started writing Prince and he wrote back. We kept in touch over the years off and on, but did not have continuous contact until March 2002, when I saw him outside of the Chicago Theatre in Chicago when he was retrieving his gear after a weekend of shows there. Prince's band members and the celebrities in question have all known of our relationship but have chosen to support the Nelson Baker's illegitimate business instead of telling the court or trying to help me. The celebrities in question have never had

any kind of sexual relationship with me, but have been lying over the last 20 years, telling people they've had sex with me or Prince or both of us when they did not. Prince and I were monogamous and had a faithful committed relationship until his death, despite the lies these celebrities have told the media. Neither Prince, nor I, have had sex with any person other than each other since at least March 2002. I am not bisexual and neither is Prince. I have never had any type of sexual contact with a woman and have never been promiscuous. I tell you this because I fear that my name will be smeared in the press as I come forward and that these liars will defame Prince and I in the press, as they have for years within the celebrity community. I am asking you to conceal my name and the whereabouts of my home in Chicago and issue a gag order so that the press cannot talk about me except

to say that I am his wife. If they stay 500 feet away and away from home and my family in the Chicago area, and not investigate and report on my finances, education, childhood and ^{not} talk to my family or neighbors about me then I can accept it if they choose to film me. But I want and need privacy. There was an accident at the bike shop across the street from me a week and a half before the shooting where a young woman died. I left the morning of the incident to see a Ch. 7 ABC news truck parked adjacent to my home. 2 other trucks were positioned nearby. I actually think I might have been filmed during their reporting and believe that these celebrities asked them to spy on me. Prince told me that the celebrities in question followed and spied on me and him over the last 30+ years and that they use red light cameras, smart phone hacking, wi-fi interception, credit and debit card tracking and spy cameras.

and software to follow and interfere with their competitors lives. They have worked together to sabotage my professional performance career and have bribed Prince's musicians to feed inside information to them to put him and me at risk. I pray that

- (1) you will deny the Estate's motion to close the probate case;
- (2) you will issue a gag order to protect my identity;
- (3) you will order any and all documents and proofs that Kenneth Abdo has in his possession to be given to you, as he has a copy of our marriage certificate and other evidence;
- (4) you issue restraining orders so that the following parties do not approach me and have no contact with me: Tyka Nelson, Omarr Baker, Sharon Nelson, Normine Nelson, John Nelson jr., the family of Alfred Jackson, Kanye West, Kim Kardashian, Khloe Kardashian, Kourtney Kardashian, Kylie Jenner, Kendall Jenner, Mayte Garcia, Manuela Testolini,

Eric Benet, Mariah Carey, Jay-Z Carter,
Beyonce Knowles Carter, Alicia Keys,
Swiss Beats, Drake Graham, Rihanna Fenty,
Kirk Johnson, Judith Hill, Wendy Melvoin,
Lisa Coleman, Van Jones, Kim Berry,
Sheik E, Andy Allo, and their families as I
believe that they colluded together to
kill Prince and are trying to kill me;

(5) you set a new hearing date to allow
you to review the documents in
Kenneth Abdo's possession and further
investigate my claims so that I can
be awarded sole possession and ownership
of Prince's assets and so that you can
prepare to prosecute my in-laws,
the Nelson Bakers, for their collusion
together to steal my property from
me and try to kill me while
betraying their brother's wishes - that
they'd help me so none of this would
happen to me.

Regards,

Cassandra Floyd

Hi Kenneth:

My name is Cassandra Boyd. I need to speak with you regarding Prince Rogers Nelson. He told me to contact you after a certain amount of time passed prior to his death. I would like to talk to you when your office is closed. I have planned a trip to Minneapolis for the weekend of September 17-19, 2021 but I can change that to work with your schedule. I only want to talk in person, not over the phone or by E-mail. Please meet me in your offices September 18, 2021 at a time of your choosing. If that doesn't work for you, we can do a Thursday evening when your offices are closed or a different Saturday. I should tell you that I really don't have money to travel. I'm on a very tight budget. I'd saved money to come to Minneapolis in June before Prince's birthday, but had to cancel that trip. I rescheduled for September, but just had an emergency roof repair that cost nearly \$4000. It wiped out my savings. At this point, I probably have to take the bus and time our appointment so I can take a return bus so I don't have to pay for a hotel room. If I fly in and out the same day I'd have to come to your office during the day. I really don't want to be there with other people in the office. Just you and whoever is necessary. I haven't made any plans to take Amtrak because it drops you off in an area that I think is far from your office. I've only planned to take either the Megabus or fly. With either, I can take a tram to Target Center and/or then walk to your office after I arrive. That's affordable. If I take the bus, I've got 2 options everyday, 7 days a week. 1) A bus leaves Chicago at 8:45pm and arrives in Minneapolis at 5:45am 2) A bus leaves Chicago at 9:00 a.m. and arrives in Minneapolis at 6:10 p.m. The cost including taxes round trip is \$122.48. I can come up with that. But, I do not want to be in your office when your firm has normal business hours. I'm also expected to help family members in Chicago mornings until 4:30 p.m. 4 weekdays each week. I can change the day I come to work with your schedule but I can only stay long enough to talk to you and then hop on a return bus to Chicago so I don't have to pay for a hotel room. I wanted to stay at the W Forshay near your office because it is literally a 4 minute walk from you and I think, very safe. Problem is, the cheapest room you can get is \$125/night plus you'll have a room hold charge of \$50 or more. I can't afford that now. I've already paid for the following flight but, under the circumstances, I think I'll have to cancel it and take the bus. Friday, September 17th UA flight 2467 9:05p.m. out of O'Hare Chicago arriving in Minneapolis at 10:29 p.m. Sunday, September 19th UA flight 658 8:12p.m. out of Minneapolis arriving at O'Hare Chicago at 9:40 p.m. I had this all saved for and planned out when I booked flights in April. I just had to convince you to be willing to work on the weekend. With my roof depleating my savings, I've got no other options. Looks like the bus. But, let me know what works best for you. I need to do whatever will make it so you can help me. I need you to tell the judge presiding over Prince's probate case that I contacted you as soon as possible. I will need to talk to him/her as soon as possible. You'll understand when we talk. Also, please note to the judge that Tyka Nelson and Prince's other siblings have never tried to contact me or had contact with me of any kind before or after his death. Again, I will explain when we meet. I eagerly await your response. Regards, Cassandra Boyd
