

First Judicial District

Carver County

In re

Prince Estate

NOTIFICATION OF IMPENDING CIVIL ACTION

The Honorable Judge: Kevin Eide

Personal Representative: Comerica

Special Administrator: Fredrikson and Byron

This letter serves as notice that the above listed parties will be named as defendants in a civil complaint on grounds of deprivation of 5th Amendment constitutional rights including but limited to: denial of due process and denial of property (repeated violations), being brought forth by Ogeda Patrick, immediate descendant of Prince R. Nelson and purported heir to the Prince Estate. The above listed parties have erroneously (habitually) omitted Mr. Patrick as the true heir to the Prince Estate. Mr. Ogeda Patrick has been deprived from assuming ownership of the Prince Estate for nearly a year, first filing his claim to heirship along with a motion for genetic testing on October 05, 2017. This delay of justice has cost Mr. Patrick over \$100,000,000.00 (100M) in possible revenue due to his inability to access the assets of the estate. It is Mr. Patrick's goal to resolve this matter at the Court's soonest convenience with the least amount litigation possible.
