

It is up to the presiding Minnesota Probate Judge Eide to file this Affidavit SEAL; my professional recommendation is to not allow the general public access to this Affidavit; due to the fact the U.S. Department of Education does not teach publicly about the Free-Slave Rights, U.S. Department of Education only teach publicly the Emancipation Proclamation which freed the slave house workers, the slave field workers, the runaway slaves, & the plantation slave traitors with terms & conditions. There were two stages of freedom before the 16th U.S. President's Executive Order which stopped the enslavement of people of African decedent in the bounties of the United States of America. Graham has read and study aboard under the First Native National Educational System as well as independent reading at the First Native National Library of Congress on the subject of the African Slave Trade. So, due to phobia, to anxiety, to the miseducation of the general public and the talk of WAR this Affidavit should be filed SEALED. Please, contact an U.S. Military official or a government official before you release this Affidavit to the general public.

II. Introduction

A Minnesota Native American Women, who was a cleaning lady, inherit some land from her Native father; one day this Minnesota Native American Women met the half-sister of the Late Prince Rogers Nelson. Currently, I am 49 years old and I worked full time and after work I use my personal time to compose legal documents for this probate case. I am schedule to retire from full time employment in the year 2019. Plus, I hold an Illinois Insurance Professional License for all insurance disciplines. (See: Exhibit 1- flyer for sales event) I will need to renew my multi-

discipline Illinois Insurance License by June 6, 2019; also, I am Illinois Notary Public that is still training. My Notary training needs to be completed by April of 2019. Ms. Graham is currently certify as an Illinois Judge of Election for the City of Aurora. This Judge of Election needs to be renewed every two years. Ms. Graham is a retired in home Law Clerk for United States Judges (Masonic members only). If a Judge was behind on judicial work and had to bring their work home or if a Judge needed his in home law library catalog and organized according to American Library Association, I was hired.

I have been "Pro-Se" in many cases in the State of Illinois Court System and the Illinois District Federal Court System. As long as I understand a case; I can legally brief a case as well as a practicing license attorney. My knowledge of law can become international & tribal. I started off as an in-home law clerk to the late Supreme Court Chief Justice Williams Rehnquist. United States Supreme Court Justice Anthony Kennedy is my living reference on legal brief writing. I am a Free Slave in the North America. (See: Short Bio in Exhibit 1 & See Exhibit 2 for letter of law credibility) It is a violation of my human rights to take something from me under the Free Slave ACT. If I have earned and have worked hard for anything it is outline under the Free Slave Act that such a denial of payment or property will be a ground for WAR; this was negotiated by the **Elite Slave Group**. (See: The Elite Free Slave Act: United States Library Congress: Division of Law) The Elite Slave Group were not filed workers for 400 years, house workers for 400 years, nor label as run-a-way slaves, or not a plantation traitors. The Elite Slave Group were

non-servants and did not accept the Masters' plantation religion. The Elite Slave was the stronger Slaves. The United States of America: 16th President FREED the weaker or weakest Slaves in the mid-1800 ERA. (See: the original written version of the Emancipation Proclamation 1863 and all related legal topics: U.S. Library of Congress: Division of Law)

III. Foreign Court Systems Topics

I have spoken at the following court system: World Court and International Court. Plus, I have spoken at the United Nation on topic as the following: ***Crime against Humanity***. My blood-line has experiences victimization by other human beings. In the State of Arkansas there was a commercial agent use to decrease our population due to loose diamonds discovery in the Arkansas National Park Area. I could speak about crimes and robberies of my blood from South Africa to England and to the robbery of King Tut Tomb in modern Egypt. However, we are addressing the Late Prince Rogers Nelson Estate at this moment. I cannot be silent! I deserve my fair share.

IV. Blood Line

I am a direct decedent of "***Mother Theresa***" and "***Jesus Christ***" and other great ***leaders***.(See: Exhibit-1 Short Newspaper BIO) .I object to any sanction brought against me for trying to take a legal stand against a violation of my constitutional rights as the half-sister/like spouses to the ***Late Prince Roger Nelson***. I had a double love for the Late Prince, and he **ADORE** me. We went through **Estate**

Planning, and taking me through an unnecessary legal remedy is causing hardship and due-stress. I have a blood line worldwide, and they must have food and shelter. So, I must fight this case to the end. Once an individual pays a **court fee** and any **court administration fees** they are members of the court case. I did notify Minnesota Presiding Judge Kevin W. Eide about my special appellant procedures. (See: Court Docket: 10-PR-16-46)

V. **Appeal Process**

I have contacted the following: **United States President Donald J. Trump, Unites States Supreme Court Justice Anthony Kennedy, and United State Supreme Court John G. Roberts Jr.** My next step will be the World Court by **January 2018** or sooner. I cannot sit silent and let other unjust issues in this Minnesota Probate Court case go without my objections being filed and heard. It is an United States Constitutional Rights to have a ***fair trial*** and ***due process*** of the law. Anything in the lower court that has been brought up can be appeal. Appeal court is not for new issue, the **Gaplin Property should not** be sold and I **should be** part of the Probate Court Special Estate Administration Team. If one might have an insurable interest then one might have a strong stake in this Minnesota Probate Case. When reviewing the answer to the direct application to United States Supreme Court Justice Anthony Kennedy the Clerk stated the following:this court extends only to the consideration of cases or controversies properly brought before it from lower courts in accordance with federal law...I need to be reconsider ... (See: Exhibit 3 a copy of direct application answer dated August 15, 2017) I

thought Justice Kennedy's remarks were delivered to Probate Judge Kevin W. Eide; and such a letter gave me the legal right to continue to answer to issue which will affect my appeal to the World Court and to the United Nation.

VI. Recommendation to generate more cash to decrease Estate's debt ratio

This holiday season; I was viewing some 2018 Calendars at the Guitar Center, and Elvis, Michael Jackson, & The Beatles had an 18 month calendar. (Estimated total picture per calendar is 19) There was not any Late Prince or the Late Artist ERA Calendars for sell at the Guitar Center in Aurora, Illinois. The late Prince took photo like bathing daily; if the estate needs to generate more cash due to debt and the Paisley Park gift shop is not generating enough money; then there are other means to generate money. A 18 month Calendar for Prince should run about **\$15** to **\$20** in the United States. You do not need to run and start selling property. There is a vault of unpublished music that my children who are musically talented and they could help the estate by producing and recording, & re-mixing music scores which could generate more cash to help paid off any estate debt.

I have a 2018 Photo Calendar. (See: ***Exhibit 5: Illinois Legal Shield Attorney stated I was not doing anything wrong***) (***My 2018 photo calendar was forward to copyright.gov***) Pro-Se Respondent Graham is capable of making decision and administrating the Late Prince Estate with or without an Estate Legal Team.

VII. Security Issues

Far as security increases; my personal security is out 24/7 land and air. If I have to call on foreign troops; then active war-time pay will have to be paid. That is an unnecessary military expense. I object to any fines or sanction against the "Pro-Se Respondent Shawnetta T. Graham" (STG). (See: Exhibit 2 for letters of law credibility)

VIII. Conclusion (Part A: Legal View)

There are not any good legal reasons for Pro-Se Respondent: Shawnetta T. Graham to appeal this Probate Case using the normal United States appellant procedure or the use of any American Attorney. The United States Courts System apply three standards of review namely, de novo review, arbitrary and capricious standard and clearly erroneous standard. In the case of De novo standard of review, the appeals court looks at the case anew, as if the earlier trial had never occurred and the case is effectively re-tried in the appellate forum. The "arbitrary and capricious" or 'abuse of discretion" standard is applied when reviewing the decision of an administrative agency and the appellate court will only overturn an agency decision if it was arbitrary and capricious, or if it exceeds the agency's lawful authority. When an appellate court applies the "clearly erroneous standard," it will only overturn the lower decision if it contains plain errors of fact or law.

VIII. Conclusion (Part B: Personal-Views)

This Probate Case # 10-PR-16-46 if heard should be presented to World Court and to the United Nation, I am trying to finance and do work for humanity of people of color who

are enslave under a religion doctrine that accepts that teaching of enslavement of the individual who were guilty in

The Case against& for Christ. My South African Blood line are in a stage of being **FREED** from a religion that accepts the enslavement of people of color. After the 16th President Executive Order passed which prevented African took for slaves entering into the bounties of the United States; there were a few cargoes of African housed at the Port of Spain. (See: The ending of 1997 Amistad) These Cargoes of Africans were moved to another region or territory. This geographical area is a non-region or territory of the North America. (*STG purchase the intake records of the Port of Spain*) Under The Free-Slaves Act, a free slave is allow to work and receive payment for their work, and whatever belongs to the FREE SLAVE legally is there and it is a violation to denial or take something from a FREE-SLAVE if they have earn it; these terms and conditions were establish due to the fact a FREE-SLAVE was allow to purchase their family. (See: Original Version of the **Movie Roots**--- Chicken-George Character, screen play based on the late Alexis Haley Book: **Roots**) Any fines and/or sanction will **put Pro-Se Respondent Shawnetta T. Graham** in the red economically & financially. I cannot be silent and watch my share of the ESTATE vanish. I worked hard to musically develop and care for the Late Prince Rogers Nelson. The Late Prince publish music and unpublished music can be passed down to the children in my blood line.

Finally, this Minnesota Probate Case should be compared and contrast to following case:

In the Matter of the Estate of Elvis Presley where his daughter, Lisa Marie, was the sole

heir in his Last Will Testament & Trust. Graceland generate money and currently Paisley Park is generating money. The late Elvis was loved by all nationality in the **Rock & Roll Era** and the late Prince Rogers Nelson was loved by all nationality as a **Rocker**. The difference is that Late Elvis and Lisa Marie are of white skinned and **Late Prince** and **Shawnetta** are of color skin with Native Roots. This is why it is a World Court and United National issues. Graceland as I am aware of did not have any oil, any gold, any silver, nor any precious stone or any gems; just like Paisley Park. The American Minnesota Judicial System appears not to be fair in this Minnesota Probate rulings to all nationality, but the Minnesota Probate Judicial System will enforce fines and sanction on an individual who is taking a correct legal stand without an attorney. You should favor this **Pro-Se Respondent**.
