

Scott & Carver ENE Fee Scales

Sliding Fee Scale

Fee Scale if the Party is Represented by an Attorney

The Scott-Carver program will use evaluators selected from a panel of professionals experienced in working with families in financial and parenting matters in family court proceedings. These professionals are all qualified to evaluate financial and/or social issues. The SENE will be conducted by a gender-balanced team of two persons. The FENE will be conducted by a single person.

For SENE, represented parties will pay a rate of \$175 per party per hour. The Court may apportion the cost between the parties based on their individual incomes.

For FENE, represented parties will pay a rate of \$100 per party per hour. The Court may apportion the cost between the parties based on their individual incomes.

Fee Scale if the Party is not Represented by an Attorney

If you are IFP (in forma pauperis) and you have a legal aid attorney, you may qualify for the sliding fee scale of a party who is not represented by an attorney (outlined below).

- 0-\$25,000 annual gross income - \$50.00 per hour for SENE, \$75.00 per hour for FENE
- \$25,001-\$50,000 annual gross income - \$100.00 per hour for SENE, \$75.00 per hour for FENE
- \$50,001 or more gross income - \$150.00 per hour for SENE, \$75.00 per hour for FENE
